Dear Mr. Gunderson and Mr. Aguilar:

The U. S. Department of Energy Rocky Flats Project Office is transmitting to your respective agencies copies of the *Final Accelerated Action Design For The Original Landfill Rocky Flats Environmental Technology Site*. The design package consists of five pieces: Design Drawings; Construction Quality Assurance/Quality Control Plan; Design Specifications; Design Calculation Appendices; and the Design Analysis Report. We have incorporated, where applicable, the latest text and drawing changes as a result of comments provided by Carl Spreng, of the Colorado Department of Public Health and Environment. Earlier comments have been addressed during a series of meetings and written responses.

**If you should have any additional questions regarding this design document, please contact Bob Birk at (303) 966-5921, or you may contact me at (303) 966-2282.**

Sincerely,
